Bob Morlino talked to the board about taking ICS 402 class. He wanted to set up a time and date to do the class. He will get back to the board with day/time.

Tier 2 reports for the town have been completed.

Hillary discussed the storm water discharge in Pawlet. Gave a copy of the results for the testing they have done. She wants to have a person on the select board to be her contact person. She reviewed the water quality data from last year with the board.

Elizabeth talked about the PACE article on the ballot. They don't have enough staff to send to the town meeting so Elizabeth has a fact sheet in the tax report. She will try answer any questions that anyone will have.

Mike discussed that Keith called him and Bill Leach contacted him and the state is looking to put a substation garage in the area to cover the roads. They were wondering if the town would be interested in selling some land to put the garage up. Consensus of the board is that they invite them to a meeting to further discuss.
