## Strep Throat Notice

We continue to see cases of strep throat in our school community. Please take all sore throats seriously: look into the back of your child's throat for redness,

red "speckled" spots, swollen tonsils or white spots. Many children with strep throat find it painful to swallow. Some children may have gastrointestinal symptoms (bellyache, nausea, vomiting), a rash or fever. Strep throat is contagious, so please keep your child home with symptoms and have them checked by a healthcare provider. Children recovering from strep throat may return to school after they have been on their antibiotic medication for 24 hours AND they are feeling much better. If you have any questions, please contact Mandy Mayer at school.
